EXPERIENCE

- **World Bank Group** Remote
Impact Performance Measurement Placement
02/2026 - 05/2026
 - Three-month placement benchmarking impact metrics to develop standardised impact performance measurement frameworks for economic sectors and/or related impact themes aligned with UN Sustainable Development Goals.
 - Evaluating impact metrics vis-à-vis pre-defined criteria for impact performance assessment and contributing to the development of a comprehensive database of collected metrics, documenting characteristics, sources and evaluation alongside presentation and dissemination of materials.
 - Contributing to research addressing the \$4 trillion annual financing gap for sustainable development, in collaboration with World Bank Group and University of Geneva researchers.
- **Data for Afghanistan** Remote (Part-time)
Director of Research
02/2025 - Present
 - Collaborating with **Dr Ahmad Zia Wahdat** to compile comprehensive datasets and visualisations on Afghanistan - one of the world's most data-scarce, conflict-affected, and impoverished countries - for empirical research (<https://dataforafghanistan.org/posts>).
- **UK Civil Service - Department for Work and Pensions** London, UK
Fast Stream Economist Post-DTA (SEO-equivalent)
09/2021 - 09/2023
 - **Post 1: Contract Management & Partner Delivery Division (Finance Group)**
 - * Led two employment programme impact evaluations worth £1 billion using Propensity Score Matching on HMRC/DWP microdata, line managing a Statistician, with results informing ministerial policy decisions.
 - * Conducted real-time analyses using SAS and SQL, delivering accurate responses to ministerial briefings, Freedom of Information requests, and Parliamentary Questions under tight deadlines.
 - **Post 2: Working Age Modelling and Forecasting Division (Policy Group)**
 - * Contributed to the development, validation and successful launch of a department-critical agent-based dynamic microsimulation model in AnyLogic/Java covering ≈6 million Universal Credit claimants using billions of observations, integrating machine learning-derived model inputs and securing stakeholder approval for outputs.
 - * Applied advanced SAS programming (Enterprise Miner & Studio) to merge DWP datasets, optimising complex variable interactions and achieving significant runtime efficiency.
 - **Grade Manager for DWP Economist Placement Students (08/2022 - 09/2023)**
 - * As one of three Grade Managers, led end-to-end recruitment and assessment of placement economists across the Government Economic Service, coordinating with Chief Economists and HR whilst overseeing sifting, logistics, and assessment moderation.
 - * Provided pastoral and professional support to placement economists, coaching them through technical assessments and mock interviews in economic theory, introducing structured exit surveys, and adapting communication to diverse audiences, from senior leadership to volunteers and across technical and non-technical colleagues.
- **University of Exeter** Devon, UK
Research Assistant - Department of Economics (Internship)
05/2019 - 06/2019
Nangyal, M. | CV (Page 2/3)
